

4.4 Placement Testing

Policy Tracking	Date
Approved	
Revised	August 24, 1992
Reviewed	

The President or a designee shall establish guidelines and procedures for placement testing of entering degree and diploma students. In keeping with the College's "open door" policy, these tests are not to be used as a bar to enrollment but as a measure of academic preparation in order to ensure proper course placement and to assist with academic and career counseling.
